
The Rhetorical Précis

- In 1988, Margret Woodworth reported on a reading/writing method that demonstrated significant success with her students at various levels, particularly in their reading comprehension and preparation for using source materials in their own academic writing. That method, which Woodworth calls “the rhetorical précis,” will be used to complete this Syndicated Columnist Assignment.
- In a four sentence format, the rhetorical précis offers a short account of an article, essay, or resource that does more than summarize its content.
